RESEARCH NOTES

Doing genealogy research is a long term and time-consuming task. If one is doing it for real, they will collect lots of family's data about their lives, about the territory they lived, and learn about the integration of families. For this researcher, there is much learned that is way above what is taught about history in school classes. Research can include working with on-line resources and can include travel to obtain information and documentation from Federal, State, County, City, or towns from records they keep. Cemetery records are a great source found on-line via the Internet.

There are many avenues why folks do genealogy research. For this researcher, I am not writing a book, I am trying to learn of past family and a small bit about them. I am not recording every detail that is possible. If I did, I would not be able to share what I have discovered in this book and I would still be on the road to discovery.

What is in this book is free to all to read, print, or share as they desire. This information is public and can be found by others; therefore, I am not doing this for any monies or profit, just for the like of doing this research and a great retirement hobby for me.

This research has been during the past 20 years (2000-2020) to compile with what I recorded in the attached files. There are many resources, these are just some of them.

The following is a sampling about what I used to do research.

1. Ancestry.com [<https://www.ancestry.com/>] web site.
2. "Family Search" [<https://www.familysearch.org/en/>] web site that is open to anyone. This site is created and supported by The Latter-Day Saints in Salt Lake City, Utah (aka Mormon Church).
3. Internet browser to search by varies names or phrases does help locate some information.
4. Primary source documents such as: US Census, Birth, Death certificates, cemetery records, civil documents, and immigration records or other documents that support the validation of family names and their link to relatives.
5. Find-a-Grave: [<https://www.findagrave.com/>]. In the attached files you may see the term "Memorial ID" with a number sequence. By going to the Find a Grave web site and entering this Memorial ID, that will take you to the grave information that has been recorded by folks who go to cemeteries and document the graves. In some cases, you will see the grave maker and other information folks have recorded for that person. In some cases, there are links to parents, siblings, and children along with spouses that all a Memorial ID recorded.
6. Historical Societies and Internet Genealogy resources

NOTES:

1) ANCESTOR: Also known as a forefather, fore-elder or a forebear.

2) DESCENDANT: Are descending after a forefather, fore-elder or a forebear.

- **Meaning of “direct descendant” as opposed to “indirect descendant”**

1. A direct descendant is someone who can trace their lineage by "child" relationships all the way back to the desired ancestor.
2. A non-direct descendant has to go through a "cousin" or "by marriage" or some other non-child relationship in order to find the desired ancestor.

Definition of genealogy.

1. An account of the descent of a person, family, or group from an ancestor or from older forms.
2. Regular descent of a person, family, or group of organisms from a progenitor or older form: pedigree. The study of family ancestral lines.

My research is recorded in Family Tree Maker version 2019. <https://www.mackiev.com/ftm/>

Research is aided with use of Adobe Photoshop Elements & Adobe Acrobat PDF maker. Adobe web site: <https://www.adobe.com/>

Adobe Reader for all computers: <https://get.adobe.com/reader/>

- This allows you to read any Adobe PDF (built for a computer operating system) file like the ones with this report.
- Just be sure to Uncheck the McAfee items before downloading if you don't want it.

In some cases I used Microsoft Word from MS 365 software suite.

I use Kaspersky Internet Security virus software. It is the best one that I found to do the job. <https://usa.kaspersky.com/>

Research by John Hanrahan 6/30/2020: (I started Genealogy Research in 2000)

Research on my maternal family line has provided over 700 pages of documented information that I previously compiled in 2003 and sent out to cousins.

Today, I have over 4000 names in files and over 2400 documents in my files with over 200 photographs. Backup is on DVD/CD and Thumb Drives and on Cloud storage.

Foreword

This book contains the facts, who, where, when, but not the story of A FAMILY. But it is the story of MANY FAMILIES along with some information of basic facts and notes.

It is about the ancestors or descendants of the known sunamed person related to all people listed in this book. Note: over time the surname may change as this was due to a language interpretation of the words from another language to English. In some cases, it is how a person hearing a name pronounced thought what they heard and thus spelled the name differently.

Another fact, naming of children was set forth by family protocol. Therefore, caution is required as one will see the same names in many families resulting that the same names can only be identified by birth and death dates and/or other factors.

It is amazing how often there is a close resemblance for relatives separated by generations.

There are many paper trails of recorded facts and information. The discovery of those paper trails help find the information about families that provide the ancestral connections to people. This book is about those finding but begins with the oldest know person and provides their descendants and all related folks that have been recorded in this my files.

Introduction

The following pages list data for all known family members as of April 06, 2021.

Each immediate family is presented in their own section that contains a graphical family tree as well as a description with information about each referenced person and their children.

The child section provides information about the children of the preceding couple. When a child has offspring of their own this is presented in a separate family section for that child. In this case a '+' is used to denote that an individual will appear later in the book as a parent with his/her own children and there is a link to the appropriate family reference number.

For children with partners but no offspring the partner data is given with the reference family.

Roman numerals, followed by a period, are used to indicate the birth order.

In the chapter titled "Family of the Starting Person" the ancestors of Elmer Pool are presented in a kind of enhanced Pedigree Chart which displays the graphic representation of their direct-line ancestors and the children of the couple. This chapter contains information about the couple whose ancestors are listed in the later chapters.

The chapter titled "<HeadlineFamilies>" provides details (as known as of this publication date) for the ancestors of Elmer Pool.

There is a chapter for each generation.

Relatives are listed in the order of the nearness of their relationship.

Sources for the information provided are given in the footnotes.

Markings used

Some individuals are marked or tagged by colored dots in family charts. These markers may help you to see, for example, lineages at a glance. The following list shows the meaning of the colored dots.

Charles' dad worked for the California Forestry Service and spent his growing years with nature. Learning to fish, hunt and work the great outdoors from his dad and developed a kin sense of art.

Charles was a member of the US Army and served in the Korean War.

He bought some land that was only a few miles from the Burney State Park in Burney, California. There he built a small resort that included campsites, trailer spaces and recreational areas. While his dad was the Head Ranger at Burney State Park, the park staff would send campers to Chucks resort when the park was full.

Chuck worked at one of the local lumber mills to

make extra income to support the family and investing in the resort. After his marriage and a few years of operation of the resort, Chuck received his calling to the ministry and sold their resort, then moved the family to Stockton, California where he attended a four year college for the Pentecostal Ministry. He graduated with honors and spent several years working with the ministry in many locations. Those locations included a trip to Arkansas to establish a church there, then he returned to California where he was employed with several churches. Upon returning to California churches, he became the primary charge to establish schools that became part of the church programs and was responsible for their operations and educational curriculum. As time passed, the ambitious Chuck continued with his religious studies, but began a new career. First as a Marketing Director for a local baby products manufacturer, then a Life Insurance Agent; but found a real career as a Real Estate Agent.

Chuck did find greatness in this new passion for real estate and soon became a top selling agent for several agencies before he established his own real estate business in Santa Clara county. After obtaining his Real Estate Brokers license, the business aspect of Real Estate was Chuck's next greatest challenge and worked that into a successful business until he sold it. As the "silicon valley" real estate slowed down, Chuck again moved to the Northern California area of Cameron Park and set up business there. Cameron Park is about 50 miles east on US Highway 50 of Sacramento, California.

In Cameron Park the real estate market was booming for only a few months. But due to Chuck's passion to succeed and his innovative skills, he managed to service a market that found many giving up real estate and moving on to new careers. This was not so for Chuck, he worked many marketing skills and his talents allowed him to survive when others could not. While times were not easy, he did make sales to survive the wave of bill collectors and in the year 2000 the market began a new era of buyers and sellers providing Chuck a rash of business that made his survival skills a successful businessman.

In the late 1990s, Chuck found new avenues of challenges that brought him to join the VFW (Veterans of Foreign War, Post #) and DAV (Disabled American Veterans) that give him and Susie and new warmth of community and comradery with friends of the VFW and the community. In addition, he become a member of the local Toastmasters group and begin a new exploration of speech making. He began a dedicated effort to build a path that to become a speech maker and is still pursuing that path today. In his many passions, he has begin addressing writing a book.

 Charles E. Pool, 55, lifelong resident of the Russian River section and member of a pioneer Guerneville family, died yesterday in Oakland from a heart attack. Pool had been in the bay region just two days when he was stricken, having left Guerneville Tuesday to visit his wife, who has been seriously ill at the home of a daughter.
 Funeral services will be held Saturday afternoon from the R. N. Tunstall funeral parlors in Guerneville with the Santa Rosa lodge of Eagles in charge. Burial will be in Guerneville cemetery.
 He is survived by his wife, Annie Louise Pool, two daughters, Mrs. Elbe Smith and Mrs. Irma Gardner of Oakland, and three sons, Elmer, Clarence and Stitt Pool of Guerneville. He also has a sister and two brothers, Mrs. Elizabeth McKean of Guerneville, Lee Pool of San Jose and John Pool of Petaluma.

NOTES

The Pension Application of Joshua Hitchcock
Declaration in order to obtain this benefit of this act of Congress passed June 7th 1832 State of Kentucky County of Floyd. SS.? On this 7th day of December 1833 personally appeared before James Davis one of the Justices of the peace in and for the said county of Floyd and in virtue thereof one of the Justices of the county court of Floyd Joshua Hitchcock aged 91 years who being first duly sworn according to law doth on his Oath makes the following Declaration order to obtain the benefit of the act of Congress passed June the 7th 1832. That he entered the service of the United States under the following named officers and served as herein stated. He first entered the service while he resided in the county of Guilford, state of North Carolina about the 10th day of December (but in what year

he is not able to recollect). He met his company in the county of Rowan and under the command of Captain Frost (Christian name I think was ?) as a drafted soldier for a tour of 3 months. He marched on with his company under the command of Captain Frost to the town of Charlotte where Captain Frost with his company 4 or five other companies is also being there when we halted and staid 3 or 4 days waiting for General Rutherford to come on and march us on to cross the North Carolina line. When General Rutherford came on and marched us on over the line dividing North and South Carolina which we crossed on the 24th day of December to the best of his recollection. He entered in this first tour as a militia soldier under the ? named Captain Frost who also belonged to the militia of North Carolina. Colonel Andrew Hampton was the commanding colonel of the militia. Major Dickson was the major--Lieutenant ? Hancock was the lieutenant. James Lay the ? sergeant and Charles Dougherty the Sergeant of his (this applicants) company. Colonel Lytle and Captain Lytle continental officers were also went along with us till we got to Charleston when they (Colonel Lytle and Captain Lytle) left us. From the North and South Carolina line we marched on to the town of Camden and crossed the Waleree river ? and encamped and lay there several days about one mile from the river. From this camp near the ? we marched on and crossed the Congaree river, and we camped near the river at Colonel Thompson's Mill and lay there several days time not exactly recollected but we staid at Colonel Thompson's mill he thinks about 7 or 8 days. From here he was marched on by ? ? and on within 12 miles of Charleston South Carolina and lay there 3 or 4 days encamped in the woods. From here he was marched on to Dorchester where we encamped for one night only. From Dorchester he was marched back and on to Charleston and encamped in sight of the town of Charleston in the woods at what Now is called the Smokey camps where we staid about a month or nearly so. Till on the 24th of February we entered Charleston, while we were in Charleston we were in Charleston we were employed ? he was compelled to stand continual hours at a time with an intermission of 2 hours most. On the 24th of March after staying in Charleston one month he received a discharge signed by Colonel Hampton which discharge has been lost thirty years or more but in what manner it was lost he does not know. One year from the September following after his first discharge he was again drafted in the Militia of North Carolina about the first of the month (September) but in what year he does not recollect. He still lived in Guilford County North Carolina where he was drafted the second time which was for a tour of 3 months. He met his company at Guilford Courthouse North Carolina immediately after his his second draft where he arrived very early in the month of September he thinks not later than the 2nd or 3rd say of the month. He stayed at Guilford Courthouse 3 or 4 days waiting for the

company to assemble, when the company all assembled which was about the 5th of September to the best of his recollection--Captain George Stewart of the militia took the command of the company, the name of the lieutenant of the company not recollected. He thinks there was none. Sergeant David Waddle was the Sergeant of the company. From Guilford courthouse he was marched on under the command of Stewart within a few miles of Cross Creek where we met with a company under the command of Captain Humphrey. Some short time after the companies under Captain Stewart and Captain Humphrey we joined where we were encamped. One night a messenger came on from General Rutherford with orders to join him (General Rutherford) at headquarters on a small branch in the woods near what place he does not recollect but not far from Cross Creek. He marched our (the companies of Captain Stewart and Captain Humphrey continuing together) till we joined General Rutherford and after staying there one night he was marched on (General Rutherford having the chief command) and marched over the country in different directions never encamping more than two nights in one place. Waiting as he (this applicant heard it there said) for artillery to arrive To go on an storm Wilmington which was in the possession of ? Scotch troops. News came of the evacuation of Wilmington and General Rutherford gave orders that such as wished to do so might receive a discharge and return home. He then received a discharge about the last of November or 1st of December the exact time he cannot recollect for a tour of 3 months which was signed Captain George Stewart and then went home to his residence in Guilford county North Carolina. In his first tour he was in the service 3 months and 14 days and in the second tour 3 months or within 3 or 4 days of that time. He has no documentary evidence and he knows of no person whose testimony he can procure who can testify to his service. He hereby relinquishes every claim what ever to a person or annuity except the present and declares that his name is not on the pension roll of the agency of any state. Sworn to and subscribed this day and year aforesaid.

NOTES

Joshua Hitchcock was drafted into the continental army twice between 1779 and 1781 while he lived in Guilford county, North Carolina.

He says in his pension application that they were 3 month tours about 1 year apart.

He also says that he continued to live in Guilford for years after the revolutionary war then he moved to Floyd county Kentucky then on to Whitley county and 3 or 4 years (1829-30) ago moved back to Floyd county.

He was 91 when he applied for his pension 7 Dec. 1833 in Floyd county, Kentucky.

He is on a list of Floyd County pensioners in 1835.

Joshua sold the last of his land on the Little Helton Creek to Timothy Perkins in 1811 and moved to Floyd county, Kentucky.

Timothy's sons Stephen and William married Joshua's daughters Ruth and Margaret.

Timothy is thought to be the brother of Tryphenia Perkins, Joshua's second wife.

Here, it is asserted that Joshua Hitchcock sold his land on Little Helton Creek to Timothy Perkins, Sr., in 1811. However, additional research indicates that the Timothy, Sr., had died in the Revolutionary War and, hence, the Timothy Perkins that lived on Helton Creek and bought Joshua Hitchcock's land was actually his son, Timothy Perkins, Jr.

The remaining assertions are likely correct.

From Dee

Why was the spelling of the surname changed? All most all of these people could not read or write and the recording of the surname in public records and church records, etc was done by someone who was told verbally what their name was. The Southern dialect probably contributed to this also. Note that the surname changes occurred in the second generation in NC; the four brothers all stayed with the spelling Hitchcock. they were trying to hide from the British (another rumor as to why the name was changed). Also, it should be noted that the records show several different spellings of the surname for the first three generations in Maryland.

You will also find in England that the Family also seemed to delight in adopting different spellings the surname over the years. I have an old letter from a Frank Hedgcock who was in Who's Who in England. His thoughts were that the Family went back to a town in Kent called Hoo and that the original ancestor came there in 449 during one of the invasions of England. He also said that the spelling Hedgcock was closer to the original and that all the other spellings Hitchcock, Hedgecock, etc were corruptions.

Hence, in America today many of the Hitchcocks as well as most of the Hedgecocks and Hedgcocks go back to William Hitchcock I who

left Kent (County), England and settled in Calvert Co, MD about 1670

NOTES

The Pension Application of Joshua Hitchcock Declaration in order to obtain this benefit of this act of Congress passed June 7th 1832 State of Kentucky County of Floyd. SS.? On this 7th day of December 1833 personally appeared before James Davis one of the Justices of the peace in and for the said county of Floyd and in virtue thereof one of the Justices of the county court of Floyd Joshua Hitchcock aged 91 years who being first duly sworn according to law doth on his Oath makes the following Declaration order to

obtain the benefit of the act of Congress passed June the 7th 1832. That he entered the service of the United States under the following named officers and served as herein stated. He first entered the service while he resided in the county of Guilford, state of North Carolina about the 10th day of December (but in what year he is not able to recollect). He met his company in the county of Rowan and under the command of Captain Frost (Christian name I think was ?) as a drafted soldier for a tour of 3 months. He marched on with his company under the command of Captain Frost to the town of Charlotte where Captain Frost with his company 4 or five other companies is also being there when we halted and staid 3 or 4 days waiting for General Rutherford to come on and march us on to cross the North Carolina line. When General Rutherford came on and marched us on over the line dividing North and South Carolina which we crossed on the 24th day of December to the best of his recollection. He entered in this first tour as a militia soldier under the ? named Captain Frost who also belonged to the militia of North Carolina. Colonel Andrew Hampton was the commanding colonel of the militia. Major Dickson was the major--Lieutenant ? Hancock was the lieutenant. James Lay the ? sergeant and Charles Dougherty the Sergeant of his (this applicants) company. Colonel Lytle and Captain Lytle continental officers were also went along with us till we got to Charleston when they (Colonel Lytle and Captain Lytle) left us. From the North and South Carolina line we marched on to the town of Camden and crossed the Waleree river ? and encamped and lay there several days about one mile from the river. From this camp near the ? we marched on and crossed the Congaree river, and we camped near the river at Colonel Thompson's Mill and lay there several days time not exactly recollected but we staid at Colonel Thompson's mill he thinks about 7 or 8 days. From here he was marched on by ? ? and on within 12 miles of Charleston South Carolina and lay there 3 or 4 days encamped in the woods. From here he was marched on to Dorchester where we encamped for one night only. From Dorchester he was marched back and on to Charleston and encamped in sight of the town of Charleston in the woods at what Now is called the Smokey camps where we staid about a month or nearly so. Till on the 24th of February we

entered Charleston, while we were in Charleston we were in Charleston we were employed ? he was compelled to stand continual hours at a time with an intermission of 2 hours most. On the 24th of March after staying in Charleston one month he received a discharge signed by Colonel Hampton which discharge has been lost thirty years or more but in what manner it was lost he does not know. One year from the September following after his first discharge he was again drafted in the Militia of North Carolina about the first of the month (September) but in what year he does not recollect. He still lived in Guilford County North Carolina where he was drafted the second time which was for a tour of 3 months. He met his company at Guilford Courthouse North Carolina immediately after his his second draft where he arrived very early in the month of September he thinks not later than the 2nd or 3rd say of the month. He stayed at Guilford Courthouse 3 or 4 days waiting for the company to assemble, when the company all assembled which was about the 5th of September to the best of his recollection--Captain George? Stewart of the militia took the command of the company, the name of the lieutenant of the company not recollected. He thinks there was none. Sergeant David Waddle was the Sergeant of the company. From Guilford courthouse he was marched on under the command of Stewart within a few miles of Cross Creek where we met with a company under the command of Captain Humphery. Some short time after the companies under Captain Stewart and Captain Humphrey we joined where we were encamped. One night a messenger came on from General Rutherford with orders to join him (General Rutherford) at headquarters on a small branch in the woods near what place he does not recollect but not far from Cross Creek. He marched our (the companies of Captain Stewart and Captain Humphrey continuing together) till we joined General Rutherford and after staying there one night he was marched on (General Rutherford having the chief command) and marched over the country in different directions never encamping more than two nights in one place. Waiting as he (this applicant heard it there said) for artilling to arrive To go on an storm Wilmington which was in the possession of ? Scotch troops. News came of the evacuation of Wilmington and General

Rutherford gave orders that such as wished to do so might receive a discharge and return home. He then received a discharge about the last of November or 1st of December the exact time he cannot recollect for a tour of 3 months which was signed Captain George Stewart and then went home to his residence in Guilford county North Carolina. In his first tour he was in the service 3 months and 14 days and in the second tour 3 months or within 3 or 4 days of that time. He has no documentary evidence and he knows of no person whose testimony he can procure who can testify to his service. He hereby relinquishes every claim what ever to a person or annuity except the present and declares that his name is not on the pension roll of the agency of any state. Sworn to and subscribed this day and year aforesaid.

NOTES

Joshua Hitchcock was drafted into the continental army twice between 1779 and 1781 while he lived in Guilford county, North Carolina.

He says in his pension application that they were 3 month tours about 1 year apart.

He also says that he continued to live in Guilford for years after the revolutionary war then he moved to Floyd county Kentucky then on to Whitley county and 3 or 4 years (1829-30) ago moved back to Floyd county.

He was 91 when he applied for his pension 7 Dec. 1833 in Floyd county, Kentucky.

He is on a list of Floyd County pensioners in 1835.

Joshua sold the last of his land on the Little Helton Creek to Timothy Perkins in 1811 and moved to Floyd county, Kentucky.

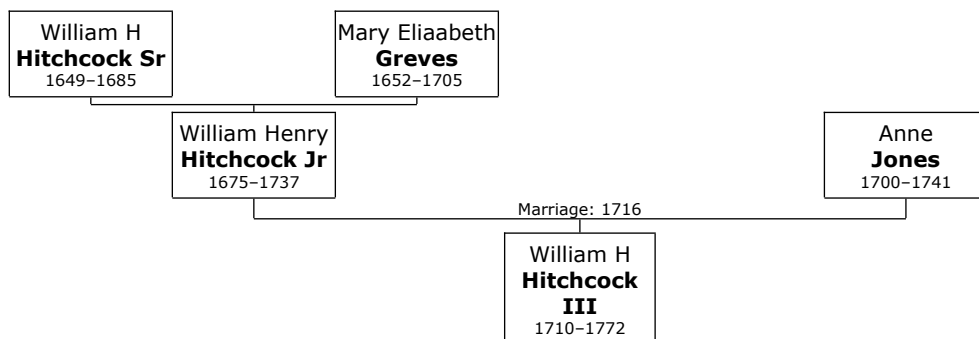

Timothy's sons Stephen and William married Joshua's daughters Ruth and Margaret.

Timothy is thought to be the brother of Tryphenia Perkins, Joshua's second wife.

Here, it is asserted that Joshua Hitchcock sold his land on Little Helton Creek to Timothy Perkins, Sr., in 1811. However, additional research indicates that the Timothy, Sr., had died in the Revolutionary War and, hence, the Timothy Perkins that lived on Helton Creek and bought Joshua Hitchcock's land was

actually his son, Timothy Perkins, Jr.
The remaining assertions are likely correct.

Name can be Hitchcock/Hedgecock etc

From Dee

Why was the spelling of the surname changed? All most all of these people could not read or write and the recording of the surname in public records and church records, etc was done by someone who was told verbally what their name was. The Southern dialect probably contributed to this also. Note that the surname changes occurred in the second generation in NC; the four brothers all stayed with the spelling Hitchcock. they were trying to hide from the British (another rumor as to why the name was changed). Also, it should be noted that the records show several different spellings of the surname for the first three generations in Maryland.

You will also find in England that the Family also seemed to delight in adopting different spellings the surname over the years. I have an old letter from a Frank Hedgcock who was in Who's Who in England. His thoughts were that the Family went back to a town in Kent called Hoo and that the original ancestor came there in 449 during one of the invasions of England. He also said that the spelling Hedgcock was closer to the original and that all the other spellings Hitchcock, Hedgecock, etc were corruptions.

Hence, in America today many of the Hitchcocks as well as most of the Hedgecocks and Hedgcocks go back to William Hitchcock I who left Kent (County), England and settled in Calvert Co, MD about 1670
