PREFACE

A few words about the research are needed.

First, it is important that I try to support the data with documents or media that support the data of each individual. This helps to validate and provide confirmation of the genealogy history recorded about a person and their families.

In United States history are numerous varieties of record types that have been preserved. Each of these records provide the trail of the people and their documented history. There are many sources that provide information of this documented history. In this book are footnotes of the source documents or places this research has been recorded. There are so many types of sources to mention here, but this book provides some of that information as recorded in my Family Tree Maker (FTM) file.

Some of the data has been found or learned but have no supporting documentation. Why? Because to maintain limited electronic files; and that some of the information has been discovered on many sources. In some cases, it is real information known by people of these families.

Countries may have been divided by different areas. It may be necessary to learn about a countries administrative divisions.

One other note about individual and family names. Each surname coupled with given names, there are many of the same name or combination of names. Therefore, other items such as birth, death, marriage, territory, and possible other items are required to ensure one has identified the current person or family.

It's important that you ensure that you valid a finding. Just because a name make look correct, it takes documented validation of at least 3 or more documents to prove that you found the correct individual or family.

Enjoy reading, but there is so much to learn. This document will provide a base for anyone wishing to do genealogy research or just adding to this family information.

RESEARCH NOTES

Doing genealogy research is a long term and time-consuming task. If one is doing it for real, they will collect a great amount of data about their lives, about the territory they lived, and learn about the integration of families. For this researcher, there is much learned that is way above what is taught about history in school classes. Research can include working with on-line resources and can include travel to obtain information and documentation from Federal, State, County, City, or towns from records they keep. Cemetery records are a great source found on-line via the Internet.

There are many avenues why folks do genealogy research. For this researcher, I am not writing a book, I am trying to learn of past family and a small bit about them. I am not recording every detail that is possible. If I did, I would not be able to share what I have discovered in this book and I would still be on the road to discovery.

What is in this book is free to all to read, print, or share as they desire. This information is public and can be found by others; therefore, I am not doing this for any monies or profit, just for the pleasure of doing this research and a great retirement hobby for me.

This research has been ongoing since 2000 to compile and record in the attached book. There are many resources, these are just some of them.

The following is a sampling about what I used to do research.

1. Ancestry.com [<https://www.ancestry.com/>] web site. (Pay to use)
2. "Family Search" [<https://www.familysearch.org/en/>] (Free to the public] web site that is open to anyone. This site is created and supported by The Latter-Day Saints in Salt Lake City, Utah (aka Mormon Church or LDS).
3. Internet browser to search by varies names or phrases does help locate some information.
4. Primary source documents such as: US Census, Birth, Death certificates, cemetery records, civil documents, and immigration records or other documents that support the validation of family names and their link to relatives.
5. Find-a-Grave: [<https://www.findagrave.com/>]. In the attached files you may see the term "**Memorial ID**" with a number sequence. By going to the Find a Grave web site and entering this Memorial ID, that will take you to the grave information that has been recorded by folks who go to cemeteries and document the graves. In some cases, you will see the grave maker and other information folks have recorded for that person. In some cases, there are links to parents, siblings, and children along with spouses that all a Memorial ID recorded.
6. Historical Societies and Internet Genealogy resources

NOTES:

- 1) ANCESTOR: Also known as a forefather, fore-elder or a forebear.
- 2) DESCENDANT: Are descending after a forefather, fore-elder or a forebear.
 - **Meaning of “direct descendant” as opposed to “indirect descendant”**
 1. A direct descendant is someone who can trace their lineage by "child" relationships all the way back to the desired ancestor.
 2. A non-direct descendant has to go through a "cousin" or "by marriage" or some other non-child relationship in order to find the desired ancestor.

Definition of genealogy.

1. An account of the descent of a person, family, or group from an ancestor or from older forms.
2. Regular descent of a person, family, or group of organisms from a progenitor or older form: pedigree. The study of family ancestral lines.

My research is recorded in *Family Tree Maker version 2019*. <https://www.mackiev.com/ftm/>

An add-on program titled *Family Book Creator* is used to create this book.
<https://www.familybookcreator.com/en/>

Research is aided with use of *Adobe Photoshop Elements & Adobe Acrobat PDF* maker. Adobe web site: <https://www.adobe.com/>

Adobe Reader for all computers: <https://get.adobe.com/reader/>

- This allows you to read any Adobe PDF (built for a computer operating system) file like the ones with this report.
- Just be sure to Uncheck the items before downloading if you don't want them.

In some cases I used Microsoft Word from MS 365 software suite.

I use *Kaspersky Internet Security* virus software. It is the best one that I found to do the job.
<https://usa.kaspersky.com/>

Today, I have over thousands of names in files and many documents (or “Media”) in my files including photographs. Backup is on DVD/CD and Thumb Drives and on Cloud storage.

Just be sure if you decide to do genealogy research to support your recordings with valid and correct documentation. Read that documentation to be sure it applies to your person or family researching. I have found errors in other postings and even in some published books. Please beware of what you record to be factual and valid!

DEDICATION

A comparatively modest present,
but the good of which I can give.

Many thanks to my wife's cousin Terry and her friend Casey who helped me begin the journeys into genealogy in the year 2000.

The beginning of this effort got started from a few notes from my uncle and my wife's mother.

A few genealogy classes, reading, and great help from many people and the Internet all contribute to this effort.

I have learned much that allow me to seek the ancestral and descendant trails for the families presented in this book.

What is Genealogy?

A record or account of the ancestry or descent of a person, family, group, etc. the study of family ancestries and histories. Descent from an original form or progenitor; lineage; ancestry of people.

It is important to support the family presentation with verified documentation. Those links of that documentation should be recorded to provide validated:

- 1) Accurate Results.
- 2) Correct Postings.
- 3) Reliable Sources.
- 4) Factual Information to a *Nuclear Family*.

A *nuclear* family is a one set of parents and their children.

"Only who knows his past has a future."

Foreword

This book contains the facts, who, where, when, but not the story of **A FAMILY**. But it is the story of **MANY FAMILIES** along with some information of basic facts and notes.

It is about the descendants or ancestors of the surnamed person related to all people listed in this book. Note: over time the surname may change as this was due to a language interpretation of the words from another language to English. In some cases, it is how a person hearing a name pronounced and thought what they heard and consequently spelled the name differently.

Another fact, naming of children was set forth by family protocol in family history. Therefore, caution is required as one will see the same names in many families resulting with the same names used very often and can only be identified by birth and death dates and/or other factors.

It is amazing how often there is a close resemblance for relatives separated by generations.

There are many paper trails of recorded facts and information. The discovery of those paper trails helps find the information about families that provide the ancestral connections to people. This book is about those finding but begins with a known person and provides their descendants or ancestors and all related folks that have been recorded in my files.

DISCLAIMER

The program creating this book is a great tool. It uses data from the Family Tree Maker (FTM) data base; However, the words or sentences that this program provides can, sometimes, or may not have the proper syntax of the English language. That is not an error, but it is a terrific programming task to make all the syntax blend with the data from FTM as best as possible. It is also dependent on my input that would help make the syntax of sentences look wrong when it may not be the case. It could be my error in data entry. Images are low resolution created FTM.

Introduction

The following pages list data for all known family members as of August 07, 2021.

Each immediate family is presented in their own section that contains a graphical family tree as well as a description with information about each referenced person and their children.

The child section provides information about the children of the preceding couple. When a child has offspring of their own this is presented in a separate family section for that child. In this case a '+' is used to denote that an individual will appear later in the book as a parent with his/her own children and there is a link to the appropriate family reference number.

For children with partners but no offspring the partner data is given with the reference family.

Roman numerals, followed by a period, are used to indicate the birth order.

In the chapter titled "Families of the Starting Person" the ancestors of Holly Jones are presented in a kind of enhanced Pedigree Chart which displays the graphic representation of their direct-line ancestors and the children of the couple. This chapter contains information about the couple whose ancestors are listed in the later chapters.

The chapter titled "<HeadlineFamilies>" provides details (as known as of this publication date) for the ancestors of Holly Jones.

There is a chapter for each generation.

Relatives are listed in the order of the nearness of their relationship.

Sources for the information provided are given in the footnotes.

This document reports the details of 125 individuals, of whom 61 are male and 64 are female. Of the 99 individuals with recorded birth and death dates, the average lifespan was 66.4 years. Of these, 52 males averaged 67.3 years, and 47 females averaged 65.4 years. The longest living male was Peter Dyer (1754–1848), who died aged 94. The longest living female was Ruth Wightman (1605–1717), who died aged 112.

The WW I Draft Registration of June 5, 1917 lists Hershel Barron Jones, age 21, single, a coal miner, working for WR Rend, Rend, Illinois. He is tall and slender, with gray?(they were brown) eyes and brown hair.

Herschel "Casey" Jones met his future wife at the post office in Rend City, Illinois, where she was working. He and Gussie Ingram were married October 27, 1918, Edwards, Illinois. Seven children were born to them, four daughters and three sons.

Casey loved cars and made his living as a mechanic in Carlyle and Centralia, Illinois. He also enjoyed outdoor activities including hunting, fishing and gardening.

The family had a rustic cabin by the river when their children were young in the 1930's. The children fondly recall summers there working hard at their chores, gardening, fishing and picking berries to keep the family fed. But, they also remember the fun of making up their own entertainment, swimming in the river and playing with their siblings. Their mother was handy with a gun, if needed, to keep snakes and other critters away.

Their father treated them one summer to a special surprise for all their hard work at the cabin. He took them to a Cubs and Cardinals game in St. Louis one Sunday. So unexpected, it was a day they would never forget!

For many years Casey's official name was listed as Herschel "Byron" Jones. He explained that on his WW II Draft Card they had listed his middle name as Byron instead of Barron. He tried to get them to correct it, but it wasn't done. So, he gave up and signed it as Byron. Many years after he died his daughter found confirmation that Casey's true middle name "Baron" was actually spelled "Barron."

Casey died at St. Mary's Hospital in Centralia, Illinois at age 92

Gussie met her husband Casey Jones while working at the post office in Rend City, Illinois. They married October 27, 1918 and had seven children, four daughters and three sons. They raised their family at Carlyle and Centralia, Illinois.

Gussie grew up loving music and could still play her organ in the later years of her life. Her son Tom's life long love of music most likely came from her.

When her children were teenagers, they were allowed to roll up the rugs, push back the furniture and invite friends over to enjoy music and dancing to records on the Victrola. Gussie would make huge bowls of popped corn and serve a popular fruit drink.

In the 1930's, Gussie was the parent in charge during summers at their rustic cabin by the river. Casey would come out on days he wasn't working, but she supervised chores, cooked and kept an eye on her five children as they worked to keep food on the table and helped make "ends meet" during those Depression years.

Gussie was a member of the Woman's Club, War Mothers, Eastern Star, Centralia White Shrine and the Order of Amaranth of Centraila. She died at age 88 in St. Mary's Hospital, Centralia, Illinois.

Martha is the sixth child of John and Nancy Kitchens Browning. According to an article in the Benton Evening News in 1962, she was the first white female settler on record to be born in Franklin County, Illinois. She was born "on the side of a trail enroute from Jordan's Fort in the southeast part of Franklin County to her family's new homesite at Browning's Hill located west of Benton. Her birthplace was near the site of Zeigler which then did not exist." Her twin brothers James K and William R, born December 23, 1810 were the first white twins born in the county.

"Patsey" was an original member of the Mt. Pleasant Baptist Church

founded July 11, 1829. Her name is on the cornerstone along with her parents. Her father was the church minister.

On November 10, 1850 Patsey, 38 year old widow of Calvin Jones, married Robert C "Bob" Moore who was 19 years of age. Bob's parents are Robert T and Sarah Moore. JONES, Allen, farmer and stock dealer, was born in Franklin County, in 1836, the second of six children of Chaldon and Martha (BROWNING) JONES, probably natives of the same county. Their parents, early pioneers of Franklin County, were married about 1832, and located near Benton where the father died about 1852, and where the mother still lives. He was a farmer and millwright, erecting the first horse mill built in the county. Nathaniel JONES was the grandfather. The mother is a daughter of John BROWNING, well known as an early pioneer of

considerable influence. The father and mother were both members of the Missionary Baptist Church. With limited education our subject left home at sixteen, and soon saved from his \$6 per month enough to buy a small tract of land five miles northwest of Benton. He sold this and bought more, until he now owns 290 acres, finely improved, near Christopher. He was, in 1856, married to Altamira SILKWOOD. Three of their eight children are now living: Sarah E., wife of John NEAL, of Kansas; Martin T. and Hosea M. The wife died in January 1874, and in August he married Mrs. Martha F WINN nee SPILLMAN. Their only child is Martha. This wife died January 29, 1876, and September 17, same year, he married Mrs. Sarah E. BLAKE, nee MULKEY. In 1858 he began in a log cabin, then in the woods, only nine acres cleared, and now has become a large farmer and stock dealer, and a well informed man. He is a Democrat, first voting for Douglas. He is a prominent member of the F.M.B.A. He and his wife are members of the church.

Moses (Pvt) Jones Jr was born on Thursday, September 09, 1762, in Richmond, Isle of Wright County, Virginia, USA. He was the son of Moses Jones Sr. (1.6-0) and Dorothy Dyer (22.6-1).

Moses (Pvt) Jones Jr

Moses (Pvt) died in Benton, Franklin County, Illinois, on April 24, 1851, at the age of 88.

Research Notes: Caution Comment:

I've found many variations to Moses Jr's marriages and children of those marriages.

What is listed with this person is only what I have found and I am not sure if it is correct.

I am pretty sure his father is Moses Sr.

 First wife of Moses (Jr) was Hester Thomas, daughter of Samuel Thomas. They married Sept. 19, 1791 in Gates County, North Carolina. His second wife was Elizabeth Thomas, she was first married to William Thomas. William was a half brother to the above Samuel Thomas.

Moses Jr first married Hester Thomas in Gates Co, NC 19 Sep 1791. Whose father was Moses Sr. who had lived in Isle of Wright Co, VA., where Moses Jr. was born. I found that Moses Sr. had about 5 children, two sons and 3 daughters. Moses Jr. brother, William, was also in Rev War and both ended in Wilson Co TN after the war. Moses listed as having bought land from Nathan Allen 19 Sep 1802 in Wilson Co on Bartone Creek, 220 acres. Then he bought land from Sael Thomas 8 Feb 1808, which was 150 acres.

He sold land in Wilson Co. TN in 1816 and came to FCI. His brother, William, died a little before Moses moved from Wilson Co and some of Williams sons came up to ILL with their Uncle Moses along with Moses' children in 1819. This family was very interesting and books were written about them.

Moses (Pvt) married **Hester Thomas** on Monday, September 19, 1791, in Gates County, North Carolina. They had three children: Polly, Jackson and William.

Hester was born in Tennessee in 1770. She reached 60 years of age and died in Franklin County, Illinois, in 1830.

Nathanial Jone was a member of 2nd Reg't, 1st Brig in the Black Hawk War, June 16 1832 for 90 Days, Got paid \$15.00 at age 22.

The Black Hawk War was a brief conflict between the United States and Native Americans led by Black Hawk, a Sauk leader. The war erupted soon after Black Hawk and a group of Sauks, Meskwakis, and Kickapoos, known as the "British Band", crossed the Mississippi River, into the U.S. state of Illinois, from Iowa Indian Territory in April 1832. Black Hawk's motives were ambiguous, but he was apparently hoping to avoid bloodshed while resettling on tribal land that had been ceded to the United States in the disputed 1804 Treaty of St. Louis.

U.S. officials, convinced that the British Band was hostile, mobilized a frontier militia and opened fire on a delegation from the Native Americans on May 14, 1832. Black Hawk responded by successfully attacking the militia at the Battle of Stillman's Run. He led his band to a secure location in what is now southern Wisconsin and was pursued by U.S. forces. Meanwhile, other Native Americans conducted raids against forts and settlements largely unprotected with the absence of U.S. troops. Some Ho-Chunk and Potawatomi warriors with grievances against European-Americans took part in these raids, although most tribe members tried to avoid the conflict. The Menominee and Dakota tribes, already at odds with the Sauks and Meskwakis, supported the U.S.

Commanded by General Henry Atkinson, the U.S. troops tracked the British Band. Militia under Colonel Henry Dodge caught up with the British Band on July 21 and defeated them at the Battle of Wisconsin Heights. Black Hawk's band was weakened by hunger, death, and desertion and many native survivors retreated towards the Mississippi. On August 2, U.S. soldiers attacked the remnants of the British Band at the Battle of Bad Axe, killing many or capturing most who remained alive. Black Hawk and other leaders escaped, but later surrendered and

were imprisoned for a year.

The Black Hawk War gave the young captain Abraham Lincoln his brief military service, although he never participated in a battle.[4] Other participants who later became famous included Winfield Scott, Zachary Taylor, and Jefferson Davis. The war gave impetus to the U.S. policy of Indian removal, in which Native American tribes were pressured to sell their lands and move west of the Mississippi River and stay there.

Story as told by Debbie V from Rootsweb Grou

Nathaniel W. Jones moved to FCI (Franklin County, Illinois) in 1819 from Wilson County, TN, when he was 9 years old. He was s/o Moses Jones and Elizabeth Allen. At age 22 he volunteered for the Black Hawk War. After he returned home he married Mahala Cleveland about 1835 so would assume the log cabin in picture was built about this time. After her death he married Elizabeth Summers Jackson on 18 Jan 1855 in FCI. He had 7 children with Mahala; Mary Alice, Andrew, Sarah Jane, Sidney, John, Scott and Martin. Martin was born about 1849 who died as a baby along with his mother about the same time. The 2nd marriage to Elizabeth had James A., Elizabeth Irene, twin of Mahala and Martha E.. On March 9 1853 Nathaniel was appointed supervisor of all the roads in Dist #30 beginning at Robert Clancy Summers place. This was his father in law. He had land off what is now HWY 34 half way between Hanaford and Parish, IL. Jones Cemetery is located there and I was told his log cabin in that picture was located there. IN talking to some old timers in Thompsonville a older man said he remembered that Nathaniel loved to play the fiddle and people would come out to his place, they would have big dances there. Nathaniel was born 1810 in Wilson Co TN to Moses Jones Jr and Elizabeth Allen Jones, he was one of 7 children of Moses. Moses first married Hester Thomas in Gates Co, NC 19 Sep 1791. Whose father was Moses Sr. who had lived in Isle of Wright Co, VA., where Moses Jr. was born. I found that Moses Sr. had about 5

children, two sons and 3 daughters. Moses Jr. brother, William, was also in Rev War and both ended in Wilson Co TN after the war. Moses listed as having bought land from Nathan Allen 19 Sep 1802 in Wilson Co on Bartone Creek, 220 acres. Then he bought land from Sael Thomas 8 Feb 1808, which was 150 acres. He sold land in Wilson Co. TN in 1816 and came to FCI. His brother, William, died a little before Moses moved from Wilson Co and some of Williams sons came up to ILL with their Uncle Moses along with Moses' children in 1819. This family was very interesting and books were written about them.

Nathaniel W (Pvt) Jones married **Mahala Cleveland** in 1832 in Illinois. They had seven children: Mary, Andrew, Sarah, Sidney, John, Scott and Martin.

Mahala was born in Ohio in 1816. She reached 33 years of age and died in Illinios about 1849.

Martha is the sixth child of John and Nancy Kitchens Browning. According to an article in the Benton Evening News in 1962, she was the first white female settler on record to be born in Franklin County, Illinois. She was born "on the side of a trail enroute from Jordan's Fort in the southeast part of Franklin County to her family's new homesite at Browning's Hill located west of Benton. Her birthplace was near the site of Zeigler which then did not exist." Her twin brothers James K and William R, born December 23, 1810 were the first white twins born in the county.

"Patsey" was an original member of the Mt. Pleasant Baptist Church founded July 11, 1829. Her name is on the cornerstone along with her parents. Her father was the church minister.

On November 10, 1850 Patsey, 38 year old widow of Calvin Jones, married Robert C "Bob" Moore who was 19 years of age. Bob's parents are Robert T and Sarah Moore. Although there is quite a difference in their ages, Bob and Patsey had two sons together, William R and Joseph A "Joe" Moore, and were married until her death in 1893.

Martha is the sixth child of John and Nancy Kitchens Browning. According to an article in the Benton Evening News in 1962, she was the first white female settler on record to be born in Franklin County, Illinois. She was born "on the side of a trail enroute from Jordan's Fort in the southeast part of Franklin County to her family's new homesite at Browning's Hill located west of Benton. Her birthplace was near the site of Zeigler which then did not exist." Her twin brothers James K and William R, born December 23, 1810 were the first white twins born in the county.

"Patsey" was an original member of the Mt. Pleasant Baptist Church founded July 11, 1829. Her name is on the cornerstone along with her parents. Her father was the church minister.

On November 10, 1850 Patsey, 38 year old widow of Calvin Jones, married Robert C "Bob" Moore who was 19 years of age. Bob's parents are Robert T and Sarah Moore. Although there is quite a difference in their ages, Bob and Patsey had two sons together, William R and Joseph A "Joe" Moore, and were married until her death in 1893.

Please note that even though her marker states that she died in 1848 this is a mistake as she died about the date that Rev. Cline has in Bible records, which was 14 Jul 1861. Nancy Shoemaker Cline wife of Thomas Jefferson Cline was in the 1850 cen. of Claiborne County Tennessee with the family, and since there was never a 1860 census found for the family we have no record of her still being alive in 1860 via the census record, but she was listed in Rev. FM 3206 does not intersect US82 or go into Saint Jo. You must take FM 677 south at the traffic light in Saint Jo. After about two miles FM 677 intersects FM 3206. Signs from that intersection lead to Dye Mound.

The Dye Mound Community was founded in the late 1850s and named for a trapper who owned a trading post at the foot of the hills. In 1889, Dye Mound Cemetery trustees bought more than three acres of land from S.T. Boswell and his wife. The town continued to grow and its first church building was completed in 1890. By the late 1920's, this once thriving community began to decline, and by 1956, only remnants of a ghost town remained. The Dye Mound Cemetery, however, still serves the area as a reminder of the early cotton town.
