# PREFACE

A few words about the research are needed.

First, it is important that I try to support the data with documents or media that support the data of each individual. This helps to validate and provide confirmation of the genealogy history recorded about a person and their families.

In United States history are numerous varieties of record types that have been preserved. Each of these records provide the trail of the people and their documented history. There are many sources that provide information of this documented history. In this book are footnotes of the source documents or places this research has been recorded. There are so many types of sources to mention here, but this book provides some of that information as recorded in my Family Tree Maker (FTM) file.

Some of the data has been found or learned but have no supporting documentation. Why? Because to maintain limited electronic files; and that some of the information has been discovered on many sources. In some cases, it is real information known by people of these families and is correct.

Ireland is divided by two territories. Northern Ireland, and Ireland (the Irish Free State). Northern Ireland is under the control of British rule. Ireland is its own sovereignty. The name "Éire" is the nickname or name used for Ireland.

This book is about the ancestry of the surname *McKenna* and includes many others that are connected to the McKenna families. McKenna is a large clan in Ireland and mainly found in the territory of Ulster in the county of Monaghan (Mono-Han).

First, one has to understand the land divisions of Ireland. Simple put, here are those divisions are but may not limited to all this as follows:

- Provinces
- Counties
- Baronies
- Parishes
- Townlands
- Poor Law Unions

In this research, the Ireland land is concentrated with the province of Ulster in the county of Monaghan. Then you will be using the many varied Baronies, Parishes, Townlands, and even Poor Law Unions. To understand this use these terms, check out this URL:

<https://www.dochara.com/the-irish/roots/land-divisions/>

One other note about individual and family names. Each surname coupled with given names, there are many of the same name or combination of names. Therefore, other items such as birth, death, marriage, territory, and possible other items are required to ensure one has identified the current person or family.

Enjoy reading, but there is so much to learn. This document will provide a base for anyone wishing to do genealogy research or just adding to this family information.

## RESEARCH NOTES

Doing genealogy research is a long term and time-consuming task. If one is doing it for real, they will collect a great amount of data about their lives, about the territory they lived, and learn about the integration of families. For this researcher, there is much learned that is way above what is taught about history in school classes. Research can include working with on-line resources and can include travel to obtain information and documentation from Federal, State, County, City, or towns from records they keep. Cemetery records are a great source found on-line via the Internet.

There are many avenues why folks do genealogy research. For this researcher, I am not writing a book, I am trying to learn of past family and a small bit about them. I am not recording every detail that is possible. If I did, I would not be able to share what I have discovered in this book and I would still be on the road to discovery.

What is in this book is free to all to read, print, or share as they desire. This information is public and can be found by others; therefore, I am not doing this for any monies or profit, just for the pleasure of doing this research and a great retirement hobby for me.

This research has been ongoing since 2000 to compile and record in the attached book. There are many resources, these are just some of them.

The following is a sampling about what I used to do research.

1. Ancestry.com [<https://www.ancestry.com/>] web site. (Pay to use)
2. "Family Search" [<https://www.familysearch.org/en/>] (Free to the public] web site that is open to anyone. This site is created and supported by The Latter-Day Saints in Salt Lake City, Utah (aka Mormon Church or LDS).
3. Internet browser to search by varies names or phrases does help locate some information.
4. Primary source documents such as: US Census, Birth, Death certificates, cemetery records, civil documents, and immigration records or other documents that support the validation of family names and their link to relatives.
5. Find-a-Grave: [<https://www.findagrave.com/>]. In the attached files you may see the term "**Memorial ID**" with a number sequence. By going to the Find a Grave web site and entering this Memorial ID, that will take you to the grave information that has been recorded by folks who go to cemeteries and document the graves. In some cases, you will see the grave maker and other information folks have recorded for that person. In some cases, there are links to parents, siblings, and children along with spouses that all a Memorial ID recorded.
6. Historical Societies and Internet Genealogy resources

**NOTES:**

1) ANCESTOR: Also known as a forefather, fore-elder or a forebear.

2) DESCENDANT: Are descending after a forefather, fore-elder or a forebear.

- **Meaning of “direct descendant” as opposed to “indirect descendant”**

1. A direct descendant is someone who can trace their lineage by "child" relationships all the way back to the desired ancestor.
2. A non-direct descendant has to go through a "cousin" or "by marriage" or some other non-child relationship in order to find the desired ancestor.

**Definition of genealogy.**

1. An account of the descent of a person, family, or group from an ancestor or from older forms.
2. Regular descent of a person, family, or group of organisms from a progenitor or older form: pedigree. The study of family ancestral lines.

My research is recorded in *Family Tree Maker version 2019*. <https://www.mackiev.com/ftm/>

An add-on program titled *Family Book Creator* is used to create this book.

<https://www.familybookcreator.com/en/>

Research is aided with use of *Adobe Photoshop Elements & Adobe Acrobat PDF* maker. Adobe web site: <https://www.adobe.com/>

*Adobe Reader* for all computers: <https://get.adobe.com/reader/>

- This allows you to read any Adobe PDF (built for a computer operating system) file like the ones with this report.
- Just be sure to Uncheck the items before downloading if you don't want them.

In some cases I used Microsoft Word from MS 365 software suite.

I use *Kaspersky Internet Security* virus software. It is the best one that I found to do the job. <https://usa.kaspersky.com/>

Today, I have over thousands of names in files and many documents (or “Media”) in my files including photographs. Backup is on DVD/CD and Thumb Drives and on Cloud storage.

*Just be sure if you decide to do genealogy research to support your recordings with valid and correct documentation. Read that documentation to be sure it applies to your person or family researching. I have found errors in other postings and even in some published books. Please beware of what you record to be factual and valid!*

# DEDICATION

A comparatively modest present,  
but the good of which I can give.

Many thanks to my wife's cousin Terry and her friend Casey who helped me begin the journeys into genealogy in the year 2000.

The beginning of this effort got started from a few notes from my uncle and my wife's mother.

A few genealogy classes, reading, and great help from many people and the Internet all contribute to this effort.

I have learned much that allow me to seek the ancestral and descendant trails for the families presented in this book.

What is Genealogy?

A record or account of the ancestry or descent of a person, family, group, etc. the study of family ancestries and histories. Descent from an original form or progenitor; lineage; ancestry of people.

It is important to support the family presentation with verified documentation. Those links of that documentation should be recorded to provide validated:

- 1) Accurate Results.
- 2) Correct Postings.
- 3) Reliable Sources.
- 4) Factual Information to a *Nuclear Family*.

A *nuclear* family is a one set of parents and their children.

*"Only who knows his past has a future."*

## Foreword

This book contains the facts, who, where, when, but not the story of **A FAMILY**. But it is the story of **MANY FAMILIES** along with some information of basic facts and notes.

It is about the descendants or ancestors of the surnamed person related to all people listed in this book. Note: over time the surname may change as this was due to a language interpretation of the words from another language to English. In some cases, it is how a person hearing a name pronounced and thought what they heard and consequently spelled the name differently. Also, folks may record a rhyming, nick or anglicized name of their birth given name. You must learn to translate those names to a given real name.

Another fact, naming of children was set forth by family protocol in family history. Therefore, caution is required as one will see the same names in many families resulting with the same names used very often and can only be identified by birth and death dates and/or other factors.

It is amazing how often there is a close resemblance for relatives separated by generations.

There are many paper trails of recorded facts and information. The discovery of those paper trails helps find the information about families that provide the ancestral connections to people. This book is about those finding but begins with a known person and provides their descendants or ancestors and all related folks that have been recorded in my files.

### **DISCLAIMER**

The program creating this book is a great tool. It uses data from the Family Tree Maker (FTM) data base; However, the words or sentences that this program provides can, sometimes, or may not have the proper syntax of the English language. That is not an error, but it is a terrific programming task to make all the syntax blend with the data from FTM as best as possible. It is also dependent on my input that would help make the syntax of sentences look wrong when it may not be the case. It could be my error in data entry. Images are low resolution created FTM.

## Introduction

The following pages list data for all known family members as of August 04, 2021.

Each immediate family is presented in their own section that contains a graphical family tree as well as a description with information about each referenced person and their children.

The child section provides information about the children of the preceding couple. When a child has offspring of their own this is presented in a separate family section for that child. In this case a '+' is used to denote that an individual will appear later in the book as a parent with his/her own children and there is a link to the appropriate family reference number.

For children with partners but no offspring the partner data is given with the reference family.

Roman numerals, followed by a period, are used to indicate the birth order.

In the chapter titled "Family of the Starting Person" the ancestors of James McArdle are presented in a kind of enhanced Pedigree Chart which displays the graphic representation of their direct-line ancestors and the children of the couple. This chapter contains information about the couple whose offspring are listed in the later chapters.

The chapter titled "Families of his Descendants" provides details (as known as of this publication date) for the offspring of James McArdle.

There is a chapter for each generation.

Relatives are listed in the order of the nearness of their relationship.

Sources for the information provided are given in the footnotes.

This document reports the details of 160 individuals, of whom 83 are male and 75 are female. The sex of 2 individuals is unknown. Of the 82 individuals with recorded birth and death dates, the average lifespan was 71.8 years. Of these, 45 males averaged 71.1 years, and 37 females averaged 72.7 years. The longest living male was Irene May Simzer (1912–2009), who died aged 96. The longest living female was Olga Florence Bresso (1918–2009), who died aged 90.

James married **Annie Comisky** on Saturday, April 27, 1867, at Castleblaynery, Monaghan, Ulster, Ireland in St Mary's Church. They had eight children: Mary, Patrick, James, Margaret, Alice, Joseph, John and Annie.

Annie was born in Castleblayney, Monaghan, Ulster, Ireland, about 1845.<sup>[1]</sup> She was the daughter of Joseph Cumiskey and Catherine Cumiskey.

Annie is deceased.

More facts and events for Annie Comisky:

Residence: April 02, 1911 Castleblayney Urban, Monaghan, Ireland<sup>[1]</sup>

Children of James McArdle Sr and Annie Comisky:

+ 3 f I. **Mary C McArdle** was born in Muckno Catholic Parish, County Monaghan, Ireland, on November 18, 1867.<sup>[2-4]</sup> She died in San Francisco, San Francisco Ca, USA, on August 15, 1941, at the age of 73.

Research Notes: Note: Baptised as Maria (aka: Mary) Catherine (aka: K, C, H,) McArdle

Have seen records showing middle initial as "K, C, H"

It appears after coming to the USA, she has chosen to list her name as:

Mary Katherine (aka H=Haster) in some records.

=====

On Social Security Death Record and California Death Index, her birth date is 22 Nov 1868.

This is incorrect based on her Baptism Date.

=====

I used the following document found for her Birth Date:  
I think when they did the Baptism 2 days later, they changed the middle name to Catherine.

Research Notes:Note: Baptised as Maria (aka: Mary) Catherine (aka: K, C, H,) McArdle

Have seen records showing middle initial as "K, C, H"

It appears after coming to the USA, she has chosen to list her name as: Mary Katherine (aka H=Haster) in some records.

=====

On Social Security Death Record and California Death Index, her birth date is 22 Nov 1868.

This is incorrect based on her Baptism Date.

A manifest coming from Canada in the Washington State USA records his son's name as Eugene Owen McKenna.

The father's name is found many times as Owen McKenna and the birth registration list him as "Owen".

No Idea where the name "Eugene" came from on Father's name. That is how I received the name and the reason for SR & JR. in these records.

spelling to Hugh.

Original Family home in Ireland was still standing, no vandalism seen by a cousin that visited site in 1990's.

Hugh worked for the California State Highway maintenance systems. They first lived in Echo Summit area of highway 50 near Tahoe, California and then they lived in Pinole, California, and finally relocating to Ione, California. All these places lived were a result of Hugh's job assignments. They took weekend trips to the mountains to spend that time in their home in the Garden Valley, California area and after Hugh's retirement, this became their permanent home.

In 1941 when his mother died, Hugh was in the US Military (Army PFC WW II). Hugh had a previous wife prior to Pauline. She is found in a marriage license and 1940 US Census. He was married to her at the time of his mother's death. Upon the death of his mother, that wife left Hugh and took the inheritance money and was never heard from again.

Hugh worked for the California division of Highways as a Equipment Operator.

#### Brothers Reunited

Posted 19 Apr 2021 by Amanda Holifield

When Hugh first arrived to Canada (1929) with his mother and three of his sisters, he was out playing ice hockey. He got into a fight with one of the men he was playing with and threw his helmet at him. With the helmet off, the other player said, "Hugh?". That player was Michael McKenna, Hugh's older brother.

This story was relayed to me by Casey McKenna, son of Jim McKenna. Casey is Hugh's grandson.

=====

Who are the Marianists?

The Marianists are a worldwide family of Catholic brothers, priests, sisters and committed lay people. The Society of Mary is the male religious order of brothers and priests.

Can Marianist brothers get married?

No. Marianist brothers take vows of poverty, celibate chastity, obedience, and, at final profession, stability. The vow of celibate chastity means foregoing the married life or any exclusive relationship of love with another person. Brothers, by nature of this vow, are called to a kind of loving that is impartial, inclusive, and freeing for the other- in a radical way, they are called to love like Jesus in his earthly ministry.

Research Notes:Based on the Canadian passenger list, Patrick is listed with his Mother Margaret (McArdle) McKenna coming to Ottawa to see her cousin Thomas McArdle.

No other documentation is found that confirms or even collaborates finding this person.

However, many postings found list he was born in New York City in 1903 and died there in 1903/04. This is not possible due to the fact he is listed on the ship's manifest noted above arriving in 1920 with Mother and siblings.

## Mail boxes take a beating

Margaret M. Wickersham, 53, of Placerville, told Highway patrol officers that when the lights went out on her automobile at about 3 a.m. Tuesday on Pleasant Valley road she lost control of the vehicle and crashed into a ditch. She added that she sat in her car for about one and one-half hours waiting for help, and then decided to walk home.

Officers observed that the car had first run off a curve, hit a tree, then knocked down a cluster of five rural mail boxes, and had finally swerved across the roadway and into the ditch. They cited Mrs. Wickersham for hit-run property damage and failure to have a driver's license.

Mrs. Wickersham escaped apparent injury in the mishap, which occurred about four miles east of Diamond Springs.

The wind is slow & soft, as if in sadness.  
The hill is in mourning, where is the gay madness?

We are the branches without our tree of love.  
It's hard to go on without her arms to hold us.  
Her season is over & now her time to rest.  
But in our hearts she will bloom forever..."

Research Notes From Amanda Holifield: 2021

To answer about Susan's husband William, he is only the biological father of Gary.

Edmund's father was something Jensen, but i cannot recall his father's name at the moment.

William adopted Edmund/he took his last name when he married Susan.

I have researched William C Brewer and records attached confirm this is the correct person.

=====

Who are the Marianists?

The Marianists are a worldwide family of Catholic brothers, priests, sisters and committed lay people. The Society of Mary is the male religious order of brothers and priests.

Can Marianist brothers get married?

No. Marianist brothers take vows of poverty, celibate chastity, obedience, and, at final profession, stability. The vow of celibate chastity means foregoing the married life or any exclusive relationship of love with another person. Brothers, by nature of this vow, are called to a kind of loving that is impartial, inclusive, and freeing for the other-in a radical way, they are called to love like Jesus in his earthly ministry.

Richard (Dick) C. Holifield, September 15, 1939 - December 28, 2007

Richard - Our dear Richard passed gently "into that good night" on December 28, 2007 surrounded by the tender love of his family and friends. He was born in San Francisco and later moved to Marin County where he was graduated from Mt. Tamalpais High School. In high school, he joined the Sea Scouts from which he gained a love of the ocean. As an adult, he was a member of the Elkhorn Yacht Club and the Monterey Bay Fish Diving Club. His love of the ocean was matched by his love of flying. He was a member of the Airbratt Owners & Pilots Association.

After high school, Richard joined the Army and served in the second Armored Division in Europe. Upon completing his Army service, he returned to San Francisco, went to the K.A. Police Academy and became a policeman. In this capacity, he put himself through San Francisco State University.

Richard was hired by the Salinas Union High School District in 1968. He served as a vice principal in the District and as a teacher at Alisal High School until his retirement in 2003. He was the quintessential high school teacher, taking students to Washington, D.C. as part of the Close Up Program, taking students to Hawaii, as Senior Class Sponsor and taking students to Japan as part of the Alisal High School Asian Exchange Club. Richard studied at the University of Honolulu in China where China First opened to the West. His lengthy governments, U.S. History, Special Education, coached tennis and served as a recreational. For his work, he was twice awarded Alisal Certificated Employee of the Quarter.

With his boundless energy, he worked with the Salinas Valley Federation of Teachers serving on their Board of Directors and receiving several awards. From the State Early Childhood/ECE Council, he was selected as AFT Local 1020 Trade Unionist of the year, 2002.

When he retired, Richard continued to travel, to enjoy the talks at the World Affairs Council luncheons, the Sunday symphony concerts and the Monterey County Wine Tasters.

Richard was preceded in death by his mother, Vera and his father, Clyde. He is survived by his wife, Donna Elder Holifield, his stepdaughters, Erin Emily Esker, his daughter, Maria (Tina) Bracken, and two beautiful granddaughters, Ella and Ana.

Also mourning his passing are his brother, William (Cedrick) Holifield of Dallas, Oregon; stepfather, Larry Brown of Vista, Oregon, and various nieces, nephews and cousins. A celebration of Richard's life will be held January 19, 2008, 11:00 a.m. at St. Paul's Episcopal Church, 1071 Pajaro St., in Salinas. Contributions may be made to the Richard C. Holifield Memorial Scholarship c/o Alisal High School, attention: Tony Kivava, 777 Williams Rd., Salinas, CA 95007.

=====  
The following was found, but this researcher not sure if the name even applies  
With all the names seen it could be Donna Brewer or not. So I posted this here  
for future researchers to be beware.

A marriage record found has the following:

Name: Dona M Conway  
Gender: Female  
Birth Year: abt 1933  
Age: 39  
Marriage Date: 5 Jan 1972  
Marriage Place: Orange, California, USA  
Spouse Name: Richard K Fishe  
Spouse Age: 29

A divorce record found has the following Listed:

Name: Dona M Fletcher  
Spouse Name: Richard K Fishe  
Location: Orange  
Date: Jul 1972

OR

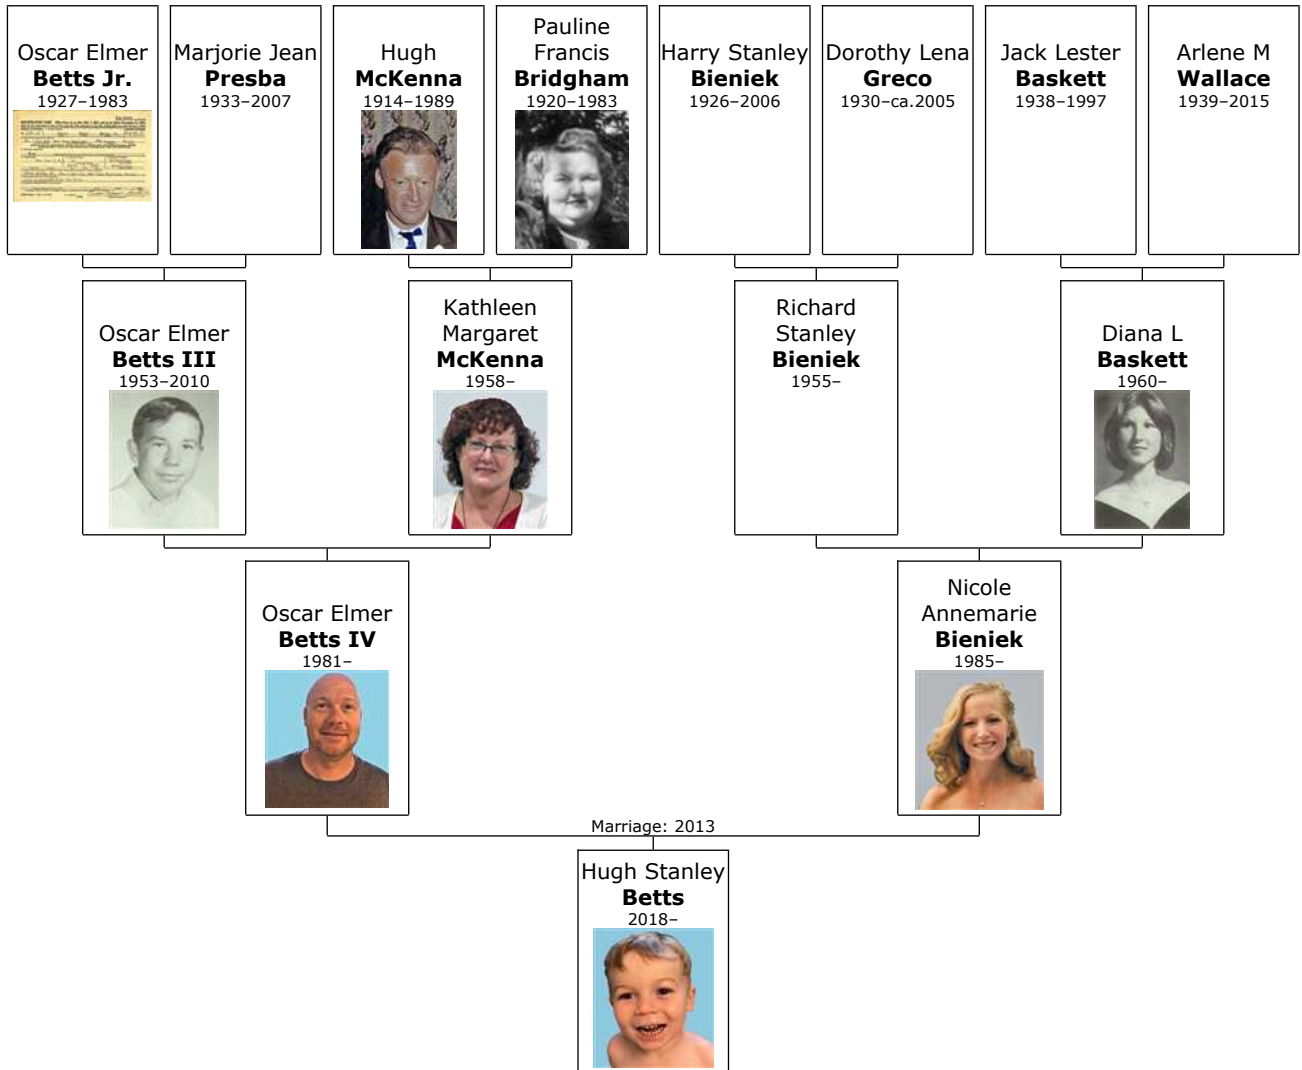

Name: Dona M Fletcher  
Gender: Female  
Birth Year: abt 1933  
Age: 39  
Marriage Date: 5 1972  
Marriage Place: Orange, California, USA  
Spouse Name: Richard K Fishe  
Spouse Age: 29

=====  
If this is Donna with surname of Fletcher, could the Richard Fletcher in her Mom's obit be here husband?  
The above found record says Don[n]a Fletcher is getting a divorce?  
However, the surname of Fishe does not appear in the "Public Records" above.
